Mr. Rob Cole, Mr. Doug Sarff, The Advocate:

Brothers!

Exciting news!! Three of our closest associates have passed their bar examinations, and hopefully will shortly be licensed to practice law. During the short time before their licenses come along, they can "advertise", and then by canon of ethics cannot.

So this might be the makings of a great story, which would give other students for professional roles, to have the courage to come out, to get involved, and take important roles as free beings.

Rand Schrader: pioneer member of GLF/LA. One of those attending the second meeting, vital to our work. Once Chairperson (maybe founder) of the Gay Liberation Forum at UCLA. Sometime chairperson of GLF/LA, always doing voluntary services, and important to the Center's work in many areas. Most supportive of the gay liberation houses.

Barry Capilow: Director, Legal Services for the Center. Attended third meeting of GLF/LA, presented always a most advanced position in connection with minority rights. Did much of the research on the now famous demurrer. Has counselled literally thousands of people here, and all of us. Important to the Gay Law Students Association, as are the other two.

Tom Coleman, did the famous research on Selective and Discriminatory enforcement of ~~746~~ 647 a and b. Published in the Advocate. First Director of our Arraignment Intervention Service. Been acting as Law Clerk to Al Gordon. Done much investigative work for him, preparation of briefs, etc. Has actually intervened in Court etc, under Al's umbrella.

All three are beautiful people and would make a handsome trio for a photograph. Interested? I have talked with all three and they could easily cooperate.

Peace, Love, Community,

A Non-Profit Social Welfare Agency
